Doused the GLIM .- At a mass meeting of the Cain-Republicans, held at Liberty Hall, Friday night, Ward 6 Bowen-Republicans came in and created confusion, whereupon Cain seized his kerosene lamp and left, leaving the meeting in darkness and causing an adjourn-

GENERAL RIPLEY AMONG THE DEPENDERS or Paris.-The following paragraph, which comes among our latest cable telegrams from beleagured Paris, will be read with special interest by Charlestonians: "General Ripley, of the Confederate army, and two artillery officers of the United States army during the war, have a command under Trochu. Many Americans have volunteered."

MILLS HOUSE STABLES .- Mr. Robert Graham, the well known proprietor of these stables, arrived here in the steamship James Adger on Saturday. He brought with him several new coaches and buggles for his establishment, which are among the finest in our city. One, a Clarence coach, is elegantly finished, and has many new improvements, of which the most novel is a whistle to attract the attention of the driver. This coach cost \$1600.

FOUGHT & DUEL .- There are but few of our citizens who do not remember Mr. C. B. Day, the agent of Miss Laura Keene. Not many days since he took exceptions to the slurring remarks of a youth of a Western city regarding actors and actresses generally, and slapped his face. The youth challenged Day to a duel. He accepted, and the next morning they exchanged shots, and the youth left the field with a wounded arm.

LATEST CROP REPORTS .- The Unionville Times says: "From almost every section of this county we learn that rust has so injured the cotton that in many cases not more than half the bolls will be matured. The unusually cold nights of the past two weeks have been very unfavorable to cotton."

The Bennettsville Journal says: "The cotton fields are white, and planters are busy gathering in the staple. Several bales of new cotton have been sold in Bennettsville at 15a 151c."

Jane Ramsay, and bound over to keep the peace.

Mysterious Disappearance.—A man named Geo. W. Bennett, supposed to be a native of Connecticut, but who for some months past has been living with his wife in Augusta, mysteriously disappeared from that city list Friday. It appears that for some time past his the seal of the church. wife's mother, residing in Newberry District, Futh Carolina, has been treating, through Bonnett, with Colonel T. E. Benhler, real estate agent, for the parchase of a place near Augusta. She remitted by express five hundred and eighty dollars with which to close the trade. Beenett obtained the money from the express office, and left his room between 4 and 5 o'clock Friday afternoon, ostensibly to purchase the property desire l by Mrs. Morgan. It was at first thought that he had been foully dealt with, but it is now believed that he has atandoned his wife and pocketed the

THE BOWEN-DE LARGE WAR. Daddy Cain's Opinion of Bowen's Suporters-Another County Ticket.

The belief of many of the Radicals that Daddy Cain would recognize the power of the late Hurley-Bowen Convention and cease all further opposition, was without foundation. The action of that convention, and the defection of the Mackeyites, seem to have had the effect of making Cain more determined than ever in his opposition to the carpet-bag element. In the last number of the Missionary Record, he say that "the time has come for every honest man in the Republican party to ssert his liberty and declare his opposition to a class of men who have proposed to rule the colored people of this State with a rod of iron and of damnable corruption. For the last two years a certain set of unmitigated scoundrels have dictated to the mass of voters of this State what they should do, what they should think, and how they should act; what they should say and how they should vote. There has been a certain class who have been 'picked up' out of the prisons and gutters of poverty, coming to this State, begging their passage and lifting contributions to start them in business, who have since grown so proud and arrogant that they now wish to dictate to the whole people what their duties are, and what they shall think."

A FLAT DENIAL. Cain denounces as a base lie the charge of the Ring Organ that he "offered, in exchange for a nomination, to drop R. C. DeLarge for Congress, to slaughter his associates, and to support his opponents." He persists in his call or a convention on the 28th of this month, to make nominations for the county ticket. He asserts that the Bowenites intimidated the voters at several places of meeting, and that Bowen's supporters at the Customhouse, and among the county commissioners, used the public monles to advance the interests of their leader. He charges that the county commis sloners (not including Miller) "have expended thousands of dollars for their own private uses, and have charged it to the county." * * * "There are now over seventy thousand dollars of checks given on the county treasury more than will possibly be paid this year out of the assessment." THE CAIN CONVENTION.

Cain repeats his call for a convention on the 28th of this month, and says that Bowen and his friends who desire to control the Legislature having rejected all overtures for a settle ment of the county difficulty, he will go before the people with another ticket, and means to fight it out to the end. In Cain's paper is the following ticket, which will doubtless be nominated by the convention proposed:

THE TICKET. Probate Judge, George Buist; Senator, R. H. Cain: House of Representatives, Alex. Williams, W. A. Grant, Wm. Gurney, B. A. Boseman, M. Caulfield, J. A. Mushington, C. Voigt. O. R. Levy, Samuel Dickerson, George Lee, K. B. Moulfrie, Abram Smith, W. G. Pinckney. P. P. Hedges, W. H. W. Gray, W. R. Jervey, Benjamin Capers, Rev. E. J. Adams; County Commissioners, F. C. Miller, Stephen Brown, Joseph P. Howard: School Commissioner, L. C. Northrop.

Buist, Boseman, Levy, Smith, Hedges, Jervey and Miller are on the Hurley-Bowen ticket. Jervey, Smith, Gray, Boseman, Lee and Brown were members of the last Legisla-

Notwithstanding the assertions of the recreant portion of the DeLargeltes, that Cain would be unable to get up a convention, he will have a very large one. Quite a large number of those who were supposed to be led by the Mackeyites have expressed their indignation at the conduct of their alleged leaders. and their determination to support the Cain convention ticket.

THE COUNTY TREASURER .- Mr. J. A. Dunbar, who was sent here to investigate the accounts of Mr. John R. Stoll, the county treasurer, has, we learn, returned to Columbia. The result of his investigations has not

ARRIVAL OF THE MONSTER CARGO. - The new iron steamship South Carolina, Captain Sim Adkins, reached her dock yesterday, after a rough passage from New York, with the largest cargo of general merchandise ever cleared for a Southern port at New York. This splendid steamship sails on Thursday next, after the arrival of the passenger trains on the South Carolina Railroad.

CRUMBS. - On Friday night, before a Radica! mass meeting at Liberty Hall, Mr. R. S. Tharin was called on, and stated his position as the people's compromise Republican candidate for

Congress. We are requested to state that all persons authorized to collect funds for the St. Peter's Catholic School Fair have been turnished with a certificate signed by the pastor, and bear

OUR QUARANTINE. - The following proclamation has just been issued by Governor Scott: tion has just been issued by Governor Scott:

IMPROVEMENTS IN COLUMBIA. -Our Columbia correspondent writes: "Columbia still goes on improving. New stores and buildings are going up in every direction; the clatter of the hammer and scraping of the trowel is heard on every hand. Mr. Walter Fisher is building two large commodious stores just opposite to the "Columbia Hotel." Adjoining these are two more, owned by Mr. Irving, about the same dimensions as those of Mr. Fisher. On the second block down, two more are being erected by Mr. Denny. These stores are already rented, and are to be completed in Oc tober. Mr. Calnan's new store, at the corner of Gervals and Main streets, is completed and occupied. Dwelling-houses, too, are building on many of the vacant lots, and go up and are completed with a rapidity that does great credit to our artisans, and shows that capitalists feel a perfect confidence in the future of our city. The new hotel is again talked of, the chief difficulty being in regard to a suitable lot, some being desirous that it should be situated, as formerly, on Main street, and others that it should be more retired. We hope, however, that this difficulty will not stand long in the way. The Sprague-City contract has not been settled yet-it is still in the hands of the

committee. There is a firm determination on

the part of our citizens to prevent, if possible,

so nefarious a measure being carried out."

Accident .- On Saturday afternoon a colored boy, named William —, had his foot very badly crushed in attempting to jump on a moving engine at the Northeastern Railroad depot on Washington street.

A NEW TRIUMPH OF PRACTI-CAL SCIENCE-ALIMENT FROM THE ROCKS .-All objections to the universal use of the alimentary Sea Mosses as a portion of the dietary of the civilized world have, it seems, been happily removed by the discovery of a new process of preparing them for culinary purposes. There never was a time when the "Food Question" was a more vital question with the masses than it is now, and we, therefore, regard this discovery as particularly opportune, not to say Providential.

The Irish Moss or Carrageen, and the Iceland and Norwegian Mosses, have long been known to contain a larger amount of nutritive gelatine, in proportion to their bulk and weight, than any other vegetable product of the sea or land; but the seeming impossibility of entirely purifying them from all extraneous matter, and rendering them agreeable as an element of food, has hither to excluded them, in a great measure, from our bill of fare. This apparent impossibility has been overcome-experimental science overcomes almost every obstacle now-a-days-and Irish Moss purified, concentrated and rendered an absolute luxury, as SF. MOSS FARINE, will hereafter be quoted as a food staple in the markets of the world. sep19-mwf3p&c

Upon such testimony the reputation of Hostetter's Stomach Bitters as an antidote and cure for allments is based. During the twenty years that it has been before the world innumerable prepations intended to compete with it have gone up like rockets, and come down the extinguished sticks. Meanwhile the progress of that incompa rable tonic has been swift and steady-always introduction produced a revolution in therapeu tics, and it proved to be one of those salutary revolutions that cannot go backwards. To-day Hostetter's Bitters is one of the most popular reme dies in Christeadom, and commands a larger sale than any other medicinal preparation, domestic or imported, on this side of the Atlantic. As a cure for dyspepsia, billous disorders, nervous affections, general debility, and as a preventive of epidemic fevers, it takes precedence of every other remedy. This fact should teach the ambitious country dealers who endeavor to foist their local abortions on the public in its stead how fu tile their small attempts to cajole the community must necessarily be. Where the game ash have failed there is no chance for the "suckers."
